

CLAY CRAFT

1. What is clay?
2.
 - a. Where is clay found?
 - b. Is there more than one kind?
 - c. Is all clay one color?
3. How can clay be formed in 3 ways?
4. What tools (things) are used in working with clay?
5. What can clay be used for?
6. Name 7 items in your home that are made of clay?
7. What is “glaze” and the purpose of it?
8. What is meant by “firing” or “baking” clay and why?
9. Make a “pinch pot” or free form clay object (hand formed).
10. Make a piece with clay “coils”.
11. Make a flat piece with a “scratched” design (by hand).
12. Make a nature object (flower, bird, snake) (form or by hand).
13. Visit a pottery or a ceramic studio and tell about your visit.

HELPS:

4. Potter’s wheel, plaster forms, modeling tools, rolling pin, sponges, cutting wire or knife

7. Liquid coating over the clay melts in “firing” to give the clay a glass like surface and some times added color.

8. Method of heating clay to harden it for durability.
