

## **PAINTING AND PRINTING**

1. Tell about materials for a “stain glass” project.
2. Make one “stained glass” project on glass; such as a sun catcher.
3. Explain materials for “tole” painting.
4. Make one “tole” painting on wood with regular or stencil pattern, any size.
5. Explain materials for “textile” (cloth) painting.
6. Make one “textile” painting project with a “stamp” and brushed tint or stenciled design.
7. Tell about materials for “print” making.
8. Make one “print” on paper; such as a greeting card, with a potato, sponge or other “cut plate”.
9. Draw your own design on any project.
10. Tell how you can use these types of decorations.

Written by Lisa Sorensen

### **HELPS:**

8. A “cut plate” can be carved on the surface of a potato, cut in half; sponges shaped as hearts, etc. Linoleum can also be carved and used for printing. You can also make a crayon print.
