

PAPER LEARNING

1. How many different kinds of paper are there today?
2. Name ten paper products in your household.
3. How many pounds of paper does each person in the U.S. use a year?
4. Paper has been made strong; what things can it replace?
Name three things.
5. Name the two main things from which paper is made.
6. Paper folding is fun. Fold paper and make a simple boat and one other item.
