*Seek you first the kingdom of God.* From cashless societies, to mega metropolises, to positronium fueled space exploration, humanity is rapidly accelerating its existence into an uncertain future.

Lifespans are prolonged. In the near future, medicine is personalized via nanotechnology to an unprecedented molecular level. Some argue that singularity (the science of merging humanity with algorithmic computer artificial intelligence) will redefine the very essence of what it means to be a human. The exponential growth in scientific advances and its related experiential continuum of our lives will most likely create insecurity and by extension will question identity.

The Bible promises us that certainty and a spectacular future (John 14:1-3) will be given to us by our Savior Jesus Christ. There is a caveat here: we are to seek the kingdom of God **first** (Matthew 6:33).

In this age, traditional orthodoxy is challenged, assumptions are discarded, and biblical counsel is dismissed as archaic and trivial. Yet, the God of the universe reassures us that if we seek Him first, we will spend eternity with Him (Revelation 21:4).

Let us seek Him, first. A glorious future awaits with Him.
