

# BOTTLE COLLECTING

1. What materials are bottle made of?
2.
  - a. Collect ten ( 10 ) bottles.
  - b. Make sure there are at least five ( 5 ) different shapes.
  - c. Make sure there are at least two ( 2 ) different colors.
  - d. Make sure they're clean, by washing them with warm, soapy water and letting them dry.
3. Name at least three ( 3 ) things bottles can be used for.
4. Go to a store with an adult and fins at least five ( 5 ) things that can be purchased in a bottle. Make a list.
5. Be a good inspector--Look at each bottle.
  - a. What color is it?
  - b. Does it have a date on it?
  - c. What is printed or engraved on it?
  - d. Is there anything else anywhere on the bottle?
6. Decorate two bottles ( either inside or outside ).

## Helps:

1. Usually glass or plastic.
3. Decoration, storage, flower arrangements, store toys, preserve food, storing or showing collections, etc.
4. Milk, juice, salad dressing, medicine, candy, baby bottles, water, etc.
6. Suggestion: paint the outside or fill the inside with something.
