

# once

Once upon a time a group of young people wanted more from their Christian experience.

They decided to connect once a month to do outreach in their community through the **once** project. And once they had started they began to experience the power and the presence of God as He worked through them.

Thus they decide that they had to do this more than just once.

# once

We invite you to participate in **once**. We are sure that once you have experienced the living God through **once** you'll never go back to how life once used to be.

**once** involves: outreach, worship and fellowship.

**once** connects young people with the power and presence of God.  
Your next **once** event is:
