

Notice: Use and Wear for Florida Conference Slide

This item is an accessory created by the Florida Conference for the Chosen 2019 International Camporee at Oshkosh, Wisconsin.

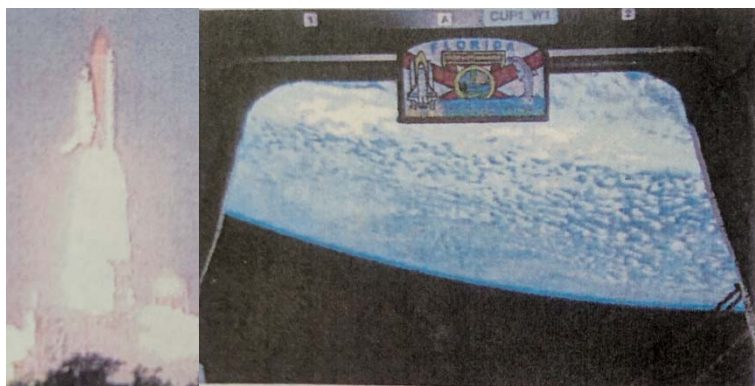

Rules of Wear:

The Florida Conference Slide can be worn by Florida Conference Pathfinders and Adventurers alike. However, as the Florida Conference Slide is an accessory and not a standard uniform item it **CANNOT** be worn for **uniform inspected events**. This includes Florida Conference Drum and Drill competitions such as RedZone or for PBE runoffs.

History:

The Florida Conference Slide was created specifically to look like the Florida Conference Pathfinder Patch as the patch has a rich and memorable history, including spending time in space. The Florida Conference patch which went to space was launched on the 39th and last *Discovery* shuttle mission, STE-133. The mission lasted from February 24, 2011 to March 9, 2011 and it lasted a total of 12 days, 19 hours, 3 minutes, 53 seconds or 202 orbits around the earth or a total distance traveled of 5,304,140 miles. Thus, the Florida Conference patch lived up to the script inscribed on itself "To all the world in this generation" and it is forever the hope of the Pathfinder and Adventurer Department that you will also serve God and fulfill the Great Commission from Jesus Himself.
